### **Industrial Production in January**

The industrial sector achieved its best performance in January with 14.8% production increase since June 2004. The production increases of 16.2% in mining sector, 15.4% in manufacture sector and 10.35% in electricity, gas and water sector were achieved in January.

<b>Sector %</b>	<b>Increase in January 2007 (%)</b>	<b>Increase in January 2006 (%)</b>
Total Industry	14.8	-5.2
Mining	16.2	-0.8
Manufacture Industry	15.4	-7.0
Electricity, Gas and Water	10.3	7.9

### **Unemployment in Turkey**

Turkey continues to be listed in top ranks in relation to unemployment rates, among the developing countries. As related to unemployment, Turkey was placed in 4th rank in 2005 with an unemployment rate of 10.2% within the group constituted by 30 member countries of Economical Cooperation and Development Organization (OECD) and Brazil, Indonesia and Russia, have found themselves in 5th rank in 2006, while the unemployment rate went down to 9.9%. In OECD, Turkey's rank has not changed in 2006 and Turkey became the 3rd country with its unemployment rate.

### **Bernardin: Turkey and France Should Establish Mediterranean Union**

Jean-Francois Bernardin, President of the Trade and Industry Chamber Assembly of France (ACFCI) proposed that France and Turkey should form a "Mediterranean Union". Bernardin said; "We can establish a genuine economical cooperation between France and Turkey within Europe-Mediterranean concept". Bernardin has indicated that Turkey is not known well enough in France and not in correct manner. They intend to cooperate with Turkish business environment for such promotion.

### **Capital Entry in Value of USD 1.5 Billion Shall be Ensured**

The accelerated capital entry into Turkey during the recent years continues in 2007 too. Although 2007 is the election year in Turkey. Investment banks and economists are expecting a foreign capital entry in value of USD 18 billion this year and it seems that approximately a monitorial entry of USD % 1.5, which is equivalent to 8.5% of the total value will be ensured in March by means of several projects. USD 832 million through the sales of IETT land in Levent, approximately USD 620 million through Garanti Pension shares sales to Eureko from Holland and USD 81 million through sales of 58.2% of Ray Sigorta (Ray Insurance) to TBIH from Austria constitute the figure.

### **Monthly Record in Export: USD 8.9 Billion**

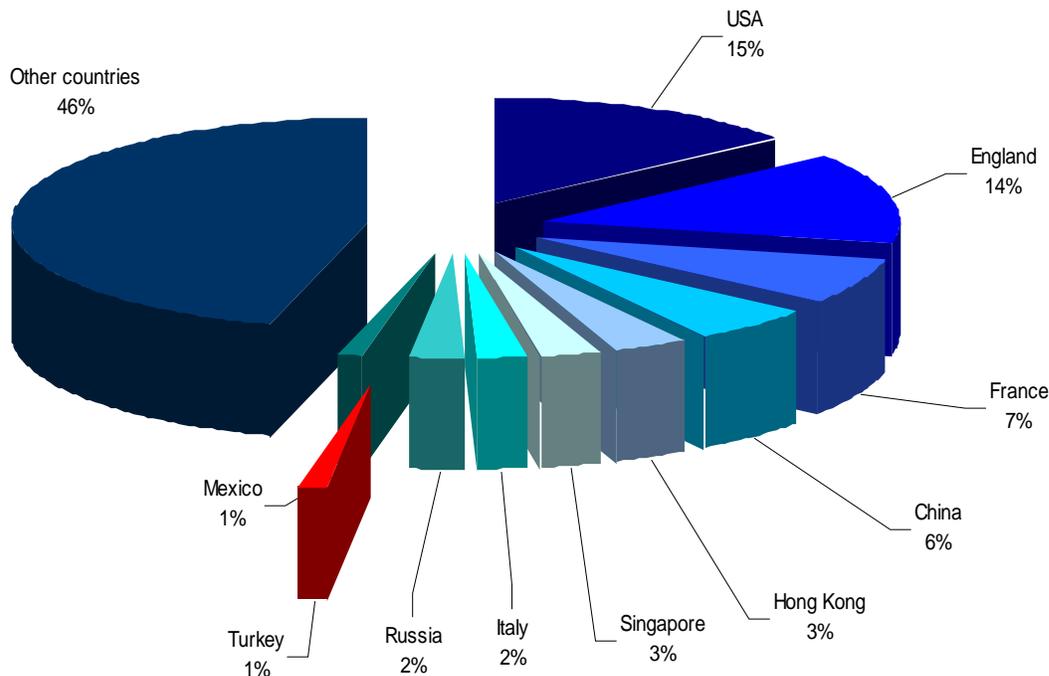

Turkey's export figure in March was USD 8.935 billion and thus has reached its highest monthly figure in the history. Annually export has exceeded USD 90.4 billion. Regarding to exportation in March, the highest increase was in machinery and parts with 46.12% while decrease was observed for hazelnuts & hazelnut products, olives & olive oil and tobacco sectors. Oguz Satici, President of Exporters Assembly of Turkey, emphasized that automotive sector's exportation in first quarter of the year has exceeded USD 4.3 billion. He said that; "Our automotive industry is progressing on the way to be global and now this sector has to be supported". And Ali Boga, Foreign Trade Under secretariat, Export General Manager indicated that export increase for 75 days covering the period January 1st – March 15th was 29% in comparison to the same period of last year and he stated that Turkey's annual export shall exceed USD 100 billion, if annual export increase reaches 17%. Boga further emphasized that USD 20 billion in export is already exceeded and USD 80 billion is left to reach the target. He said; "We are now pretty well ahead of the aim".

### **Turkey Took Ninth Place Regarding to Foreign Capital Entry**

In 2006, Turkey took a net share of USD 17.1 billion from total direct foreign capital

investment in value of USD 1.2 trillion realized worldwide. Therefore it was indicated that Turkey attracts most foreign capital in recent years among the other countries which has upgraded five ranks and placed as 9th. It is expected that increase for Turkey's share obtained from direct foreign capital investment shall continue within this year too. In 2006, 10 countries have shared 55% of direct foreign capital investments. The highest investment was realized in USA as USD 177.3 billion. England and France have followed it.

Foreign Investments (Billion USD)			
Country	2005	2006	Share (%)
USA	99,4	177,3	14,4
England	164,5	169,8	13,8
France	63,6	88,4	7,2
China	72,4	70,0	5,7
Hong Kong	35,9	41,4	3,4
Singapore	20,1	31,9	2,6
Italy	20,0	30,0	2,4
Russia	14,6	28,4	2,3
Turkey	9,7	17,1	1,4
Mexiko	18,1	16,5	1,3
<b>10 countries total</b>	<b>518,3</b>	<b>670,8</b>	<b>54,5</b>
<b>Other countries</b>	<b>398,0</b>	<b>558,9</b>	<b>45,5</b>
<b>World</b>	<b>916,3</b>	<b>1229,7</b>	<b>100,0</b>

### **Record Increase for Foreigners in Turkish Portfolio**

Annual real interest expectation, which was determined as 9.4% in Central Bank polls, shows that Turkish bonds (DIBS = state domestic loan securities = SDLS) are still attractive. In high interest – low rate of exchange ambience occurred after last year's May-June undulation, foreign funds have started purchasing intensively and Turkish state domestic loan securities are still attractive for domestic and foreign investors. Foreigners SDLS portfolio has increased 95% during the period of June 2006 - 23 February 2007 and reached up to YTL. 21.1 billion.

## **Politics**

### **Women Say “We Go for Management Too”**

Women have celebrated World Women's Day on March 8th with the power and hope based on their increasing influence, particularly in world of business. Women now wish to take place in the decision mechanisms in every field of life actively and particularly in politics. Women in Turkey are started to be elected as president for several business organizations and they have a list of demands for woman quota and place in top ranks on list of candidates for 2007 elections carry priority among those demands. Women, who had accomplished to acquire a lot of rights such as; rights for electing and to be elected long before the women in western countries, are now unable to take role in business life in sufficient manner. Ratio for representation in parliament is 4.4%. The rate for women's participation in work power is 24.9% in Turkey where there is no woman governor and woman undersecretary. Despite to all incitements, including micro credits, only 12.5% of entrepreneurs in Turkey are woman.

### **Call from Financial Times newspaper for Erdogan**

British economy newspaper Financial Times draws attention to approaching presidential election and makes a call for Prime Minister Recep Tayyip Erdogan for not to nominate himself as candidate for presidency. Financial Times argues that Erdogan has not shown sufficient effort that he will realize his duty to protect country's vulnerable constitutional regularity which is the most basal responsibility of the president. Further, Financial Times states that Erdogah has tried to designate a person for the Central Bank as president last year, who was the president of a bank which refuses interest and carries out operations with islamic finance institutions and further estimates that if Erdogan becomes president, conflicts on turban, which is already prohibited in universities and public buildings will exacerbate ever so much.

## **Further Topics**
